Category: Cable, USB 2.0 micro

InLine® Micro-USB 2.0 cable, fast charging cable, USB A male to Micro-B male, black, 2m

Art.-Nr.:31720Q - EAN:4043718231355
Modern smartphones and tablets today need more and more charging current in order to refresh battery quickly and do require often 2A and more of the power supplies. In order for this charging current the cable also must minimize this power loss, is it dimensioned accordingly so that the power loss is minimized here. This rapid charging cable has extra strong solid copper wires, of course, the normal data transfer between the mobile device and the PC is still possible.

- USB 2.0 cable
- USB A male to Micro-B USB connector
- 2x AWG22 + 2x AWG28 wires
- braid and foil shielding

- Color: black
- gold-plated contact pins, nickel plated shell
- in resealable, POS-grade PE bag with EAN code
